CRUSHPROOF TUBING COMPANY

Dynamometer Hose & Adapters

ACT400 DYNO

- * Our 4" Crushproof Dyno Hose is made from a high-temperature gray rubber blend made to work in demanding dynamometer applications.
- * A fan-assisted system should be used with this hose to ensure top performance.
- * The heavy wall thickness allows for maximum durability.
- * To prolong the life of the hose, always use a Crushproof Dyno adapter and cool after each use.

ACT400 DYNO

+600F constant temperature rating!

F350 & F475 DYNO

- * The F350 straight adapter comes with a hook and chain for easy attachment to the underbody.
- * Accommodates up to a 3" O.D. pipe.
- * Threads into the ACT400DYNO.
- * Probe hole for easy dyno testing.
- * The F475 oval adapter comes with a hook and chain for easy attachment to the underbody.
- * Accommodates twin 2" pipes.
- * Threads into the ACT400DYNO.
- * Probe hole for easy dyno testing.
